Some late hour cocktail party of a cocktail lounge at 1434 for customers hardly believed Marcelina Ave.

But true it was—and Police men John Maestri and Don Hamilton were called in to do something about it.

Two hefty heifers were doing the town late Saturday night, and were first discovered wandering in an alley to the rear of the building.

The rope-twirling ticket writers finally corralled the beasts and they were taken into custody at the Humane Society ca- boose, Owner C. A. Rozinski, of 22030 Meyler St., bailed them out next day.

Teachers presented her Kite week is being observed at the Carson Street School all this week, according to Mrs. M. Q. Wallace, principal. Kites will be judged on the closing day with prizes awarded for the most original and the prettiest designs. Mr. and Mrs. E. Clark, of 22401 S. Moneta Ave., had guests from out of state for a four-day stay. Visiting were Mr. and Mrs. Frank Whittington, of Peoria, Ill., and Mr. and Mrs. Harry Whittington, of Benton, Ill. This was the first visit for Mr. Clark's sisters to this part of the country. A pleasant time was reported by all. Carol Clark, daughter of the Clarks, also helped entertain the guests. She is a senior at State College in Long Beach.

A Civil Defense program is in the process of organization in the Keystone area. All women in the area are urged to take an active interest in this. There will be a meeting March 14. Further details will be announced by Mrs. Carl Kline, organizer.

That's all for this time—don't forget to get out and register to vote. And don't forget to call me with any items of news concerning the going-on in this area which you would like to pass on to your neighbors.

### Traffic Blocking Drivers Get Warning From Police

A double warning to slow drivers was issued this week by Chief of Police John Stroh. Drivers who persist in blocking business district traffic by double-parking while waiting several minutes to see if a parked car is going to pull out will be dealt with in no small manner from here out, Stroh warned.

Traffic was snarled for blocks last Saturday morning despite the efforts of traffic control officers. Stroh has placed the blame on slow drivers who stop every few feet in an effort to spot a parking place.

Slow drivers who operate on the open highway also received a finger wagging. More accidents reportedly are caused by the polky driver who straddles the center of the road than by the faster motorist.

But, he reminded, the fast driver is also to blame because he fails to realize that these slow drivers do exist and fails to make allowances for them.

Slow vehicles, the chief said, are required by law to stay over to the right side of the road except when making a left turn or passing another car.
